

**FCC Form 303-S**  
**Public Inspection File**

KFSF-DT, Vallejo, CA (the "Station") timely prepared the 1Q 2015 Issues/Programs List but did not upload that report to the public file until July 8, 2015. The station also timely prepared the 4Q 2014 Children's Commercial Limit Certification, but the upload occurred on February 24, 2016, when the error was discovered.

The Station believes that it has generally met the requirement in Section 73.1943(c) of the FCC rules to post political orders to the online public inspection file "immediately, absent unusual circumstances." The Station is not aware of any political spot for which it did not post information to the public inspection file. In an abundance of caution, the Station reports that in August 2020 it received two non-candidate issue ads and uploaded related information to the public file 5 and 6 days later.
