

FCC Form 303-S
Public Inspection File

KFTR-DT, Ontario, CA (the "Station") prepared the 4Q 2018 Children's Commercial Limits Certification but failed to upload it by the deadline. The error was discovered while preparing for the license renewal and the certification was uploaded on June 20, 2022.

The Station believes that it has generally met the requirement in Section 73.1943(c) of the FCC rules to post political orders to the online public inspection file "immediately, absent unusual circumstances." The Station is not aware of any political spot for which it did not post information to the public inspection file. In an abundance of caution, the Station reports that in July 2020, it received a non-candidate ad for California For Responsible Housing and uploaded information regarding that spot in October.
