

KTVU Public File Exhibit

During the period of August 2021, the KTVU ("Station") inadvertently omitted supplemental orders for Gubernatorial Candidate John Cox; upon discovery the Station promptly uploaded the documents on July 13, 2022. Additionally, There were some minor delays due to personnel operating remotely and changes to staff assignments in uploading state and local candidates' political orders to the Station's online public inspection file during May of 2022. Other than these isolated instances, all political files were timely uploaded during the license term.
