KCOP-TV Additional Outreach Narrative

As fully described in the attached 2020-2021 and 2021-2022 EEO Annual Public File Reports, the Station achieved broad and inclusive outreach by, among other things, participating in a number of local and national job fairs, offering internship and mentoring programs, work study scholarships, establishing training programs as well as training management programs, participating in several community events where careers in broadcasting are of interest, participating in the Imagen Foundation community board, and participating in scholarship programs designed to assist students interested in pursuing a career in broadcasting.
