

### **Reason for STA Extension<sup>1</sup>**

Mt. Rushmore Broadcasting, Inc. ("Licensee"), licensee of KASS (FM), requests an extension of its current Engineering STA (File No. BSTA-20180807ACR) to continue operating at reduced power (Effective Radiated Power at 2.4 kilowatts) until it is able to resolve the technical difficulties associated with its transmitter.

---

<sup>1</sup> The initial STA and all subsequent extensions were filed in CDBS or via email. In accordance with current FCC policy, this application is being filed as an initial STA but is in fact a request to extend STA File No. BSTA-20180807ACR.
