

**WORD OF GOD FELLOWSHIP, INC.**  
**Application for License Renewal**

**EXHIBIT RE: SILENT STATUS**

Station KDAS-LD, Santa Rosa, California was silent between July 13, 2021 (the date on which low power television stations were required to cease operating in an analog format) and November 29, 2021, the date on which Station KDAS-LD commenced operating in a digital format.

Station KDAS-LD has been on the air continuously since November 29, 2021, providing informative programming to viewers in Santa Rosa, California and the surrounding areas in a digital format. Prior to July 13, 2021, Station KDAS-LP was on the air continuously over the preceding license term, providing informative programming to viewers in Clarks Crossing, California (the station's prior community of license) and the surrounding areas in an analog format.

Accordingly, because: (a) KDAS was off the air only for a short period over the preceding eight-year license term, and such silent status was due exclusively to KDAS' adherence to the Commission's rules requiring the cessation of analog broadcasting; and (b) during the entire period that KDAS has been on the air, it has provided excellent programming to viewers in its communities of license and surrounding areas, grant of this license renewal application would be in the public interest.
