Resumption of Operations Notification

Fort Myers Broadcasting Company, licensee of W247CR (the "Station"), Pine Island Center, FL, respectfully submits this notification of Resumption of Operations to its as-licensed parameters as of Friday, August 26, 2022. On August 18, 2022, commonly-owned full power FM Station WTLQ-FM, Punta Rassa, FL experienced a fire that rendered its licensed transmitter completely inoperable. To accommodate the needs of WTLQ-FM, the Station file a Notice of Suspension of Operations and agreed to utilize its FM translator transmitter to temporarily host WTLQ-FM's signal at a reduced power at 97.7 MHz.

Accordingly, with WTLQ-FM's return to full power service at its licensed site and parameters, the Station can now return to its as-licensed FM translator parameters per BLFT-20190815ABF.
