KAUK, Juneau, Alaska

OPERATION AT REDUCED POWER

KAUK is operating at reduced power pending arrival of a new transmitter, which has been delayed due to supply chain issues. Upon arrival of the new transmitter, KAUK will commence operation at the parameters specified in the *instant* application.

It currently operates at the following power:

ERP – 3.77 KW

TPO = 0.5 KW

In all other regards, KAUK is operating per the underlying construction permit.
