

Suspension of Operations and Silent STA Request - W18DQ-D

W18DQ-D, Facility ID 181871, Santa Isabel, PR, hereby notifies suspension of operations as of September 2, 2022, and requests a five-month Silent STA, as the station is being relocated to a new site, for which it got FCC CP authorization. Given the need to allow time for processing of local permits, lease agreement, disassembling the existing facility, acquiring additional necessary hardware and contract the technical personnel to accomplish the site change, a five-month Silent STA is hereby requested. Should the station be able to construct the new proposed facility and return W18DQ-D on the air sooner, it will do so and notify the Commission.
