

**WINM, Angola, Indiana (Fac. Id. 67787)**  
**Minor Mod Application**  
**Multiple Ownership Explanation**

This application for minor modification of WINM's licensed operation involves the only full power commercial television station licensed to Tri-State Christian Television, Inc. ("Tri-State") in the Ft. Wayne, Indiana Television Market. The coverage change does not create any overlap with any other full power television broadcast facility owned by Tri-State or with respect to which any parties to the application have an attributable interest. Accordingly, the proposed minor modification (1) does not implicate the duopoly and top four prohibitions of 47 CFR §73.3555(b), and (2) will not result in Tri-State or any party to the application having an attributable interest in full power commercial television stations with a national audience reach exceeding 39 percent in violation of 47 CFR §73.3555(e). The proposed minor modification therefore fully complies with the television ownership restrictions in 47 CFR §73.3555.
