EEO PROGRAM REPORT

NARRATIVE STATEMENT

The Employment Unit (EU) comprised of KING-TV and KONG (TV) provides training programs for the station personnel including management. The EU provides broad outreach through participation in area events and speaking at area schools and companies.

This EU also Participates in TEGNA Inc.'s Producer-In-Residence program which was established to provide training and a two-year placement as a producer at a station to obtain real world experience for college graduates. Also, the EU has an intern program that recruits students from accredited colleges and universities to participate in the stations' real-world environment. Additionally, veteran anchors and reporters at the stations work one-on-one mentoring newly hired journalists and anchors.
