

## **ONLINE PUBLIC INSPECTION FILE**

In the process of reviewing its online public inspection file, the Licensee discovered that a limited number of documents were either missing from the file or not uploaded in accordance with the timing requirements of Section 73.3526. An EEO Midterm Report was missing and a limited number of documents were tardily filed, including two commercial limits certifications (one of which was one day late) and three quarterly issues programs reports (one of which was one day late and one two days late). From a total of over 1,800 political file documents that were uploaded between 2020 and 2022, a limited number were uploaded more than one business day after receipt. To the Licensee's knowledge, other documents have been uploaded in compliance with Section 73.3526 in all material respects.
