

CATHOLIC RADIO NETWORK, INC.
STATION K221GI, GREELEY, CO
EXPLANATORY EXHIBIT

The changes authorized by the Commission in file number BPFT-20190909ABM were constructed prior to the expiration date of this construction permit, September 24, 2022. However, the station's transmitter sustained damage as the result of a fire and is off the air as of the date hereof. We are filing this application out of an abundance of caution. We hope to receive replacement equipment soon and return K221GI to the air.
