File# 158961
Informal Objection

Dear Applicant:

The staff has under consideration: (1) the above-captioned application for W239CV, Oshkosh, Wisconsin; and (2) the Informal Objection filed by WRVM, Inc. on October 13, 2021. For the reasons set forth herein, we deny the Informal Objection and grant the application.

WRVM, Inc claims that the proposed translator will be in violation of section 74.1203(a)(2) of the Commission's rules¹ because the proposed translator will allegedly cause prohibited interference to the input signal of W268BC. The primary station for W268BC is WRVM(FM) which operates on a first adjacent channel to channel 273, the proposed translator's channel. Section 74.1203 states that "an authorized FM translator will not be permitted to continue to operate if it causes any actual interference to: ... the reception of the input signal of any TV translator, TV booster, FM translator or FM booster station."² Section 74.1203 refers to authorized stations currently operating. Therefore, the proposed translator cannot be in violation of Section 74.1203. Please note, should the translator commence operation and cause interference to the input signal for W268BC, the translator will be required to eliminate the interference or cease operation.

¹ 47 CFR § 74.1203(a)(2).

² *Id.*

Accordingly, the October 13, 2021 Informal Objection filed by WRVM, Inc. IS HEREBY DENIED and File# 158961 IS GRANTED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

A handwritten signature in black ink that reads "Robert Bates". The signature is written in a cursive style with a large, stylized "R" and "B".
