

## **Request for Special Temporary Authority Remain Silent**

Fowler Media Partners, LLC (“FMP”), licensee of FM broadcast station WKSG (formerly WIRO), Garrison, Kentucky (Facility ID No. 53102) (“WKSG”), hereby requests Special Temporary Authority (“STA”) for WKSG to remain silent.

WKSG went silent on October 3, 2022, when repairs to the station’s transmitter were initiated and a new Studio Transmitter Link (STL) path installation began. FMP anticipates that the repairs and installation will be completed by November 1, 2022. Out of an abundance of caution, however, FMP requests STA for WKSG to remain silent for 180 days to ensure that there is sufficient time to complete these repairs and installation, and for WKSG to resume operations.
