

**Reason for Amendment to Pending
Request for Extension of Time for Submission of
WIVN-LD's Eligible Invoices for Reimbursement**

Image Video Teleproductions, Inc. (“licensee”), licensee of WIVN-LD, Newcomerstown, Ohio (Facility ID 131008) (“WIVN”), is filing this amendment to its pending Request for Extension of Time for Submission of WIVN-LD’s Eligible Invoices for Reimbursement (the “Underlying Extension Request”) because on October 17, 2022, WIVN filed a Petition for Reconsideration of the Termination of Reimbursement Eligibility Upon Licensing an Interim Facility. *See* LMS Pleading File Nos. 0000202524 & 0000202525 (same substantive pleading filed in relation to two underlying LMS File Nos. out of an abundance of caution). Accordingly, this amendment attaches a copy of the Petition for Reconsideration in order to update the Underlying Extension Request with the current status of the “ongoing dialogue with the Fund Administrator regarding the reimbursement status of WIVN’s final displacement facilities that has not yet been resolved.” Underlying Extension Request, at 3; *see also id.* at **Exhibit B** (WIVN pleading that is the foundation of the October 17, 2022, Petition for Reconsideration). Additionally, the Petition for Reconsideration provides further detail about the bona fides of WIVN’s continued eligibility for reimbursement.
