

Certification Regarding Compliance with Children's Programming Commercial Limitations During the Preceding License Term

A commercial for Hot Wheels Super Ultimate Garage was inadvertently included in eight 30-minute long episodes of Team Hot Wheels airing between November 10, 2018 and December 16, 2018 (the spot was included twice in three of these episodes). These episodes aired on two of the station's program streams. The commercial was pulled from the program immediately upon discovery.
