

**Certification Regarding Character Issues During the Preceding License Term**

There are no pending applications in which character issues have been raised against KATV Licensee, LLC (“Applicant”) or any broadcast application where character issues were left unresolved or were resolved adversely against Applicant or any party to the application. We note, however, that with respect to Sinclair Broadcast Group, Inc. (“Sinclair”), two petitions were filed seeking reconsideration of the Commission’s Order and Consent Decree, FCC 20-59, FCC File No. EB-IHD-16-00021748 (rel. May 22, 2020), and that one of those petitioners has also filed a petition to deny the license renewal application of another Sinclair subsidiary (File No. 0000115674), which petitions remain pending.
