

Expedited Processing

The instant ATSC 3.0 transition application for WCCU(TV), Urbana, Illinois (Facility ID No. 69544) (“WCCU”), meets the expedited processing requirements pursuant to Section 73.3801(f)(6)(ii) of the Commission’s rules which requires that the new ATSC 1.0 host station cover at least 95% of the service population of the station that electing to operate under the new ATSC 3.0 format. As demonstrated by the Engineering Statement attached to the instant application, WICD(TV), Champaign, Illinois (Facility ID No. 25684), the proposed ATSC 1.0 host station for WCCU’s primary programming, shall provide programming to 100% of the predicted population within WCCU’s original ATSC 1.0 noise limited service contour.
