

## **AMENDMENT**

Station WKIZ-LD currently is silent. The Station's operations will be restored by the Buyer shortly after approval and of the assignment application and consummation of the transaction.

Specifically, Buyer intends to build out the outstanding construction permit (File No. 0000186799) following consummation. The equipment for the modified facilities has already been purchased and is being stored in Miami for rapid installation after approval and consummation of the assignment application. As soon as conditions in the area improve following the recent two storms that have hit the area, installation will occur and service will be restored.
