

Compliance with Multiple Ownership Rule

Tyler-Longview Market Information

This application proposes the assignment of the licenses for KTLU(AM), Facility ID No. 19518, Rusk, Texas, and KEBE(AM), Facility ID Number 70741, Jacksonville, Texas, from Chisholm Trail Communications, LLC to North Texas Radio Group, L.P. Both KTLU and KEBE are located in the Tyler-Longview market. North Texas Radio Group, L.P. is currently the licensee of KEBE-FM, Facility ID No. 198813, Jacksonville, Texas. Neither the proposed assignee nor its sole principal, Richard E. Witkovski, has any other attributable interest in a broadcast station in the Tyler-Longview market.

Accordingly, this application proposes the common ownership of three stations, two AM stations and one FM station in the same market. As indicated in the attached BIA market study for the Longview-Tyler market, there are 36 stations in the market. Section 73.3555(A)(1)(ii) of the Commission's rules, which governs multiple ownership of radio stations in local markets with from 30 through 44 stations, allows common ownership of up to seven stations in total, with no more than four in the same service. As the proposal here is for common ownership of three stations in the market with only two in the same service, the proposed common ownership is clearly within the limits allowed by the multiple ownership rule.
