

## **Exhibit**

### **E/I Symbol**

CMG Media Corporation (f/k/a Terrier Media Buyer, Inc.) dba Cox Media Group (“CMG”) is the owner of Redwood Television Partners LLC, licensee of KIEM-TV, Eureka, California (the “Station”). In an abundance of caution, CMG notes that the E/I symbol did not air on *Wild Child* on August 21, 2021. Specifically, on August 21, 2021 at 10:30 a.m., most of an episode of regularly scheduled weekly program *Wild Child* aired without the required “E/I” symbol on the screen due to a technical error with the programming provider. Given that the E/I symbol did not air, the Station did not count this episode towards the Station’s compliance with the Commission’s Core Programming requirements. Accordingly, since the episode was not counted as Core Programming, the Station has certified “Yes” to the question on the license renewal form as to whether the licensee identifies each Core Program using the E/I symbol throughout the airing of each program.
