To: Matt Ruedlinger
VP- Business Development
Fullwave Tower & Broadcast

RE: Transmission Tower
Located at 1301 E Chambers Pike
Bloomington, In. 47408

I have been asked by Matt Ruedlinger to determine the orientation of the antenna installed on the tower with a latitude of 39.310267 degrees and a longitude of 86.489933 degrees to an azimuth of 188 degrees.

The azimuth was determined by aligning the antenna with stakes on the ground marking a line from the center of the tower at an azimuth of 188 degrees using GPS equipment set to NAD 83 IN West Zone Datum.

The Azimuth are within an accuracy +/- 1 degree.

If there are any questions, please contact this office at (812)961-0235

Sincerely,

Eric L. Deckard L.S.
