

## Explanation for Silence

Digital Television Station KLML went silent due to transmitter issues on December 13<sup>th</sup>. Due to the location of the transmitter site on a mountaintop, access has been limited. It is anticipated that the station will be back on the air well in advance of the 30-day off air date. In the event that the station is unable to resume operations on or before January 12, 2023, a request for special temporary authority to remain silent will be submitted.
