

Online Public File Certification

Nashville License Holdings, L.L.C. (“Nashville”), licensee of WNAB(TV), Nashville, Tennessee, hereby certifies that except as described herein, WNAB(TV) has timely placed in its online public file all the documents required to be placed in the file by 47 C.F. R. §73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

While WNAB(TV) has substantially complied with the public file rules, a few documents were uploaded slightly outside of the due date. Specifically, on two occasions during the recent license term, WNAB(TV) uploaded its issues/programs lists and children’s commercial limits certifications one day late (3rd quarter 2014 and 1st quarter 2016). On a separate occasion, these documents were uploaded three weeks late (due 10/10/13, uploaded 11/4/13). Finally, the 2nd Quarter 2018 Children’s programming report was also filed late. In each instance, as soon as the station became aware of the inadvertent oversight, it immediately uploaded the materials to its online public file. Nashville has reviewed the circumstances relating to these instances of administrative oversight and, when late uploads occur, employees are required to review the situation and make any needed corrections to station processes to ensure timely uploads going forward.

Nashville requires WNAB to comply with all FCC rules, including the rules for the political public file. Nevertheless, while WNAB has substantially complied with the political public file requirements, some documents were uploaded to the political public file outside of Nashville’s requirement that all documents be uploaded within one business day. Station staff will continue to work with their sales team to ensure that all political public file materials are forwarded to the station promptly so they can be uploaded to the online public file in a timely manner.
