

AGREEMENT FOR SALE/EXPLANATION OF TRANSACTIONS

In response to the application question on the Agreement for sale/transfer of station(s), see the Purchase Agreement separately attached to this application.

The transaction for which Commission approval is sought in this application is part of a set of interrelated transactions. Four applications are being filed simultaneously, seeking Commission approval of the following:

-An assignment of FCC licenses and related assets held by Texarkana Radio Center Licenses, LLC ("TRCL") to BTC USA Holdings Management, Inc. ("BTC USA");

-An assignment of FCC licenses and related assets held by Juneau Alaska Communications, LLC to BTC USA;

-An assignment of an FCC license and related assets held by Jo-Al Broadcasting, Inc. to BTC USA; and

-A transfer of control of FCC licensee Alaska Broadcast Communications, Inc. to BTC USA.

In all of these applications, the proposed assignee or transferee is BTC USA. In addition, in all of these applications, the proposed assignor or transferor is a wholly owned subsidiary of Frontier Media LLC ("FML"), either directly, through TRCL, or through FML's wholly owned subsidiary Texarkana Radio Center, LLC.

Each of the agreements for the four transactions requires as conditions of closing, the Commission's consent to all four applications, and the simultaneous closing of all four transactions.

In addition, separate agreements have been executed under which an affiliate of FML will sell parcels of real estate to an affiliate of BTC USA.
