

Reason for Amendment Exhibit

Transfer of Control Application for Ozark Mountain Media Group, LLC

This transfer of control application is being amended, at the request of FCC staff, to add the attached copy the Amendment to Transfer of Membership Interests Agreement. This amended document satisfies an issue raised by FCC staff about the original version of such agreement.

Also, at the request of the FCC staff, the multiple ownership exhibit maps were updated to remove erroneous references to markets for the stations' whose contours are shown on such maps. Those now-deleted erroneous market names were incorrectly generated by the BIA software.

Finally, the contact information for Stephen T. Lovelady, Esq., the legal representative of the Licensee, has been updated to reflect his move to a new law firm.
