EEO Public File Reports (Form 396 and 397)

WVH-CD's ("WVH") FCC Form 397 (EEO Mid-Term Report) for the license term was not filed and uploaded to the station's online public inspection file ("OPIF") by February 1, 2019. The Commission eliminated the requirement to file Form 397 effective May 1, 2019 (MB Dkt. 18-23).

WVH had and continues to have, fewer than five (5) full-time employees, and therefore the station is not required to maintain EEO public file reports.

Public File

The station did not upload two of its Issues and Programs lists to its OPIF within ten days after the end of the relevant quarter as required by FCC rules.
