

KSNB-TV, York, NE (FID 21161)
Further Amendment to License Renewal

KSNB was silent from November 19, 2021 until March 17, 2022 pursuant to special temporary authority ("STA") (File No. 172385). As explained in the STA request, KSNB was silent while its technical facilities were relocated to a new tower site in connection with the construction of a channel change facility. While KSNB was silent, its programming was simulcast on the multicast channels of two commonly owned stations in the market: KOLN-TV and KCWH-LD.
