**Online Public Inspection File**

Friends of KSPS, licensee of noncommercial educational television station KSPS-TV, Spokane, Washington, reports the following with regard to the timely placement of three items into the station's public inspection file during the current license term. The KSPS-TV online public inspection file is complete, but one (1) quarterly issues and programs list for 1<sup>st</sup> quarter of 2021 was uploaded eight (8) days late to the public file. In addition, the annual EEO public file report for 2020 was uploaded one (1) day late, and the 2017 EEO public file report was also uploaded late. KSPS regrets the brief delay in the upload of these items but respectfully submits that station's online public file is complete and has been substantially compliant throughout the license term.
