

### Public File Exhibit

Licensee is committed to uploading political file material timely consistent with Commission guidance. In reviewing the political material contained in its online file in preparation for the filing of the instant renewal application, Licensee determined that there were a handful of instances where requests pertaining to political advertising orders were not uploaded within one business day of their receipt. In no instance was the material uploaded more than 48 hours after the request was received. Licensee continues to provide training for staff responsible for uploading political file material to the online file and to reinforce the importance of uploading all political material promptly.
