

MULTIPLE OWNERSHIP COMPLIANCE  
KIDX(FM) RUIDOSO, NM CH 268C1  
MTD, INC.  
MINOR CHANGE APPLICATION  
JANUARY 2023

The minor change application for KIDX(FM) Ruidoso, NM has been studied for continued compliance with the multiple ownership rules, 73.3555.

The proposed minor change application will not create any new overlaps with any existing stations under common ownership with MTD, Inc. Figure 1 documents the city grade contours for the three other FM's under common ownership with KIDX(FM). This existing combination of stations was previously shown to be in compliance with the Commissions multiple ownership rules. Since no new overlaps are being created, it will remain in compliance.

Figure 2 documents that there are at least 3 other FM's stations basically transmitting from the same transmitter site by KIDX(FM) and KNMB(FM). Since only KIDX and KNMB have overlapping contours under common ownership, it can be assumed that ownership of two FM's even in the minimum sized radio marketplace (less than 15 stations) a combination of these two stations is allow since it represents less than half of the signals in a marketplace. There are other stations in the marketplace, but after three other FM's were identified, the research for more stations was concluded.
