EEO Program Report
Narrative Statement

WGRZ's staff is very active in its community. They participate in job fairs and in speaking engagements at area schools and organizations. WGRZ-TV also participates in TEGNA's Producer-In-Residence program, which involves a two-year placement at a station for a producer to gain real-life on-the-job experience. Additionally, the station provides training opportunities for station personnel and management and broadly disseminates information about its job vacancies.
