

January 27, 2023 Amendment

This assignment application is being amended to upload the January 27, 2023 Amendment to the Amended and Restated Limited Liability Company Agreement of Adams Radio Acquisition Co LLC.

In addition, this amendment is to clarify that Assignee is not seeking insulation from attribution of the limited partnership interests of the Baltins Family Limited Partnership ("BFLP"). The BFLP partnership interests are held 90% by the Andris A. Baltins Trust, a settlor trust established for inheritance purposes, with Mr. Baltins as its Trustee. The other 10% of the BFLP partnership interests are held by a trust established by Mr. Baltins for the benefit of Nicholas De Forest Baltins (Mr. Baltins' developmentally disabled son), whose Trustee is Robert T. York, Esq. The foregoing Trustees are United States citizens and have no character matters to report. That is also the case for Nicholas De Forest Baltins. At present, neither Andris A. Baltins nor Nicholas De Forest Baltins have other attributable media interests. Mr. York's only attributable media interests relate to his officer position as Assistant Secretary in the Adams Radio Group, LLC parent and licensee entities that are proposing to assign the radio stations that are the subject of these four associated assignment applications.
