

**Engineering Statement
Channel Change Application
WWDP Norwell, MA
Channel 36
January 17, 2023**

In a Report and Order (R & O) adopted: January 9, 2023, the Commission approved a Petition for Rulemaking filed by RNN Boston License Co., LLC (Petitioner), the licensee full power television station WWDP, Norwell, Massachusetts (Station or WWDP). The Petitioner requested the substitution of channel 36 for channel 10 in the Table of TV Allotments. This application is being filed to comply with the Ordering clause in the R&O. *“That within 10 days of the effective date of this Order, RNN Boston License Co., LLC shall submit to the Commission a minor change application for a construction permit (Form 2100, Schedule A) specifying channel 36 in lieu of channel 10.*

The facility being applied for in this application is identical to the facility proposed in the Petition for Rulemaking. In addition, a TVStudy analysis (copy attached) using the default settings shows no new interference above the de minimis limit being caused to other stations. In view of the this, it is believed this application should be granted.
