

Dear Sir/Madam,

February 27 2023

This letter is to specifically confirm the operation of WNAP-LP Muncie IN from August 2021 until the present time.

I am a volunteer announcer who is on the air at WNAP-LP with my current hours from 6PM to 8PM Mon-Thurs and 10AM-2PM Saturday and Sunday.

As a radio veteran, I have seen LP FM stations come on the air and last a few months only to be shut off after the licensee figures out that they require human volunteers to keep going. The director of the non profit that operates WNAP LP has been working in radio for close to 50 years. This LP is actually listened to. While I do most of my volunteer work remotely via voice tracking, I have been to the Muncie studio/transmitter site and have personally listened to the station on my car radio perhaps 8 miles away and witnessed the transmitter and antenna at 900 W Powers Street in Muncie. The infrastructure is there and it is/has been operational for an extended period of time.

I certify my statements true under penalty of perjury.

Robert Hawkins
