

***Toccoa Foundation, Inc.***

*Application to Modify Construction Permit*

*WATG-Channel 212 (90.3 MHz)*

*Class A to C3*

*Robbinsville, North Carolina*

*FIN: 765820*

**PURPOSE OF APPLICATION**

Toccoa Foundation, Inc. was issued a construction permit for WATG (FM) Channel 212A (90.3 MHz).

This application for WATG, increases the effective radiated power to 205 watts and modifies the directional antenna pattern.

The Comprehensive Technical Exhibit provides the specific details for this proposal to upgrade WATG including notation this application was prepared utilizing NED 1 second terrain data.
