

**EXHIBIT**

**E/I Symbol**

WPXI, LLC is the current licensee of WPXI (TV) (the “Station”). On December 17, 2019, the license for WPXI(TV) was transferred to the station’s current owner (“CMG”) pursuant to a long-form transfer of control application. *See* FCC File No. BTCCDT-20190304AEQ. While CMG is not responsible for issues that arose under the prior owners, in an abundance of caution, CMG hereby describes a technical error that was previously noted in the Station’s timely filed fourth quarter 2016 Children’s Television Programming Report.

Due to a technical issue experienced by the LAFF network, several of the children’s programs on the Station’s digital subchannel that carried LAFF programming aired without the required “E/I” symbol from September 10, 2016 to October 15, 2016. CMG rebroadcast on the Station the 10.5 hours of E/I programming that originally aired without an “E/I” symbol, along with one additional half hour of E/I programming, in consistent second home programming slots between October 29, 2016 and December 3, 2016. None of the Station’s other programming streams were affected by this technical error.
