

Comprehensive Exhibit

This application seeks consent to assignment of the following three original construction permits (the “Permits”), each of which was obtained by Marquee Broadcasting, Inc. (“Marquee”) as part of Auction 112, from Marquee to commonly owned Marquee Broadcasting West, Inc. (“MB West”):

- KCBU, Price, Utah (Facility ID No. 776213)
LMS File No. 0000195623, granted September 12, 2022.
- KSWY, Sheridan, Wyoming (Facility ID No. 776219)
LMS File No. 0000195624, granted September 13, 2022.
- KWAL, Walla Walla, Washington (Facility ID No. 776246) LMS
File No. 0000195628, granted September 13, 2022.

Marquee did not utilize any installment financing or bidding credits to obtain any of the Permits, and as such no unjust enrichment penalty would in any event be applicable to this assignment.

Both Marquee and MB West are owned and controlled by spouses Brian Lane and Patricia Lane. While Patricia Lane, who currently exercises negative control over the Permits as a 50% owner of Marquee, will acquire positive control over the Permits as the 51% owner of MB West, she has been approved by the Commission as a 50% owner of each of the permits in the original permit applications identified above. Moreover, while Patricia Lane will acquire *de jure* control over the permits, *de facto* control will remain unchanged, and will be shared between spouses Brian Lane and Patricia Lane. Accordingly, use of the *pro forma* application Form 2100 Schedule 316 is appropriate.

As a purely internal assignment between two commonly controlled entities, there are no written agreements for this assignment.

In addition to the permits that are the subject of this application, Brian Lane and Patricia Lane hold attributable interests in the following stations, through Marquee, MB West, and the other licensees listed below:

Marquee Broadcasting, Inc.

- WMDT, Salisbury, Maryland (Facility ID 16455)
