I. INTRODUCTION

1. The Video Division, Media Bureau (Bureau), has before it a petition for rulemaking filed December 6, 2021, by Gray Television Licensee, LLC (Petitioner or Gray), the licensee of KTRE, channel 9, Lufkin, Texas (KTRE or Station).1 The Petitioner requests the substitution of channel 24 for channel 9 at Lufkin in the Table of TV Allotments.2

II. BACKGROUND

2. In support, the Petitioner states that the proposed channel substitution serves the public interest because it will resolve significant over-the-air reception problems in KTRE’s existing service area.3 The Petitioner further states that the Commission has recognized the deleterious effects manmade noise has on the reception of digital VHF signals, and that the propagation characteristics of these channels allow undesired signals and noise to be receivable at relatively farther distances compared to UHF channels and nearby electrical devices can cause interference.4 The Petitioner further states that the existing KTRE tower has significantly deteriorated and cannot be reasonably repaired, and thus it proposes to relocate the proposed KTRE facility on channel 24 to an adjacent, shorter tower.5 Although that facility would result in a slight reduction in KTRE’s predicted population served, once terrain-limited coverage predications and coverage of same-network (ABC) alternative stations are taken into account,

the Engineering Statement submitted with the petition demonstrates that only 448 persons will lose ABC network service, a number which the Commission considers *de minimis*.<sup>6</sup>

### III. DISCUSSION

3. We believe that the Petitioner's channel substitution proposal warrants consideration and that channel 24 can be substituted for channel 9 at Lufkin, Texas, as proposed, in compliance with the principal community coverage requirements of section 73.625(a) of the Commission's rules (rules),<sup>7</sup> at coordinates 31° 25' 10.3" N and 94° 48' 04.0" W. Although the Petitioner's proposal would result in a loss of service to a limited number of viewers, we also believe that the overall benefits of the proposed channel substitution outweighs any possible harm to the public interest given the fact that the loss of service is ultimately *de minimis* when taking into account the ability of viewers to access ABC service from other over-the-air stations.<sup>8</sup> In addition, we find that this channel change meets the technical requirements set forth in sections 73.616 and 73.623 of the rules.<sup>9</sup>

4. We propose to substitute channel 24 for channel 9 for KTRE with the following specifications:

<u>City and State</u>	<u>Channel</u>	<u>Power (kW)</u>	<u>Antenna HAAT (m)</u>
Lufkin, Texas	24	300	139.6

5. Accordingly, we seek comment on the proposed amendment of the Table of TV Allotments, section 73.622(j) of the rules,<sup>10</sup> for the community listed below, to read as follows:

<u>City and State</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Lufkin, Texas	9	24

### IV. PROCEDURAL MATTERS

6. *Showings Required.* Comments are invited on the proposal discussed in this Notice of Proposed Rulemaking (*NPRM*). The Petitioner or any proponent that expresses interest in the allotment will be expected to answer whatever questions are presented in initial comments. The petitioner of a proposed allotment is required to file comments even if it only resubmits or incorporates by reference its former pleadings. The petitioner must restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly.<sup>11</sup> Failure to file may lead to denial of the request. Any requests by a proponent for withdrawal or dismissal of an allotment request must be filed with the Commission in accordance with section 1.420(j) of the rules.<sup>12</sup>

<sup>6</sup> *Id.* and Engineering Statement at 3 and Figure 2. According to the Engineering Statement, other ABC affiliates with noise limited contours which overlap the KTRE loss area are KTBS, Shreveport, Louisiana; KBMT, Beaumont, Texas; and KTRK, Houston, Texas. *See also WSET, Inc.*, 80 FCC 2d 233, 246 (1980) (finding that loss of service to approximately 550 persons is *de minimis*).
