

**Online Public Inspection File Exhibit**  
**WHYY, Inc.**

As the result of an administrative oversight, two documents required by 47 C.F.R. § 73.3527 were not uploaded to the station's online public file when required. Specifically, the 2018-2019 Annual EEO Report, which was timely prepared in April 2019, was not uploaded to the WHYY-TV online public file until April 2020 (when WHYY noticed the omission as it was uploading the 2019-2020 Annual EEO Report). Additionally, the 2019 Q1 Quarterly Issues and Programs List was uploaded in June 2019. Both of these delayed uploads date back to the early months of 2019 and have since been addressed through a change in personnel and the implementation of more stringent control systems.
