

**Online Public Inspection File Exhibit**  
**WHYY, Inc.**

WDPB(TV) operates as a 100% satellite of commonly owned WHYY-TV.

As the result of an administrative oversight, four documents required by 47 C.F.R. § 73.3527 – two Annual EEO Reports and two Quarterly Issues and Programs Lists – were not uploaded to the WDPB(TV)'s online public file when required.

The 2016-2017 Annual EEO Report, which was timely prepared in April 2016, was not uploaded to the WDPB(TV) online public file until January 2022 when WHYY noticed the omission during a self-audit of its stations' online public files.<sup>1</sup> Additionally, the 2018-2019 Annual EEO Report, which was timely prepared in April 2019, was not uploaded to the WDPB(TV) online public file until April 2020 when WHYY noticed the omission as it was uploading the 2019-2020 Annual EEO Report.

The 2017 Q1 Quarterly Issues and Programs List was uploaded to the WDPB(TV) online public file in July 2017.<sup>2</sup> And, the 2019 Q1 Quarterly Issues and Programs List was uploaded to the WDPB(TV) online public file in June 2019.

All of these delays date back to the early months of 2019 or before and have since been addressed though changes in personnel, as well as implementation of more stringent control systems.
