

**Request for Special Temporary Authority**

Deerfield Media (Reno) Licensee, LLC (“Deerfield”), licensee of KNSN-TV, Reno, NV (Facility ID 19191) (the “Station”), requests Special Temporary Authority to operate at reduced power. As Deerfield informed the Commission on April 14, 2023 (LMS File No. 0000213905), the Station began operating on a temporary transmitter and at reduced power on April 7, 2023 to enable electrical work to be completed to accommodate a new transmitter. The new transmitter will enable the Station to meet the power levels specified in construction permit File No. 0000035790 and will be capable of broadcasting an ATSC 3.0 signal. Deerfield expects that the aforementioned electrical work will take approximately 90 days to complete. Accordingly, Deerfield respectfully requests Special Temporary Authority for the Station to continue operating at variance from its licensed parameters. The public interest will be served by permitting the Station to continue to serve viewers at reduced power while this work is being completed.
