

KSAZ-TV and KUTP Public File Exhibit

During the period between the last week of August of 2020 and the first week of October of 2020, KSAZ-TV and KUTP (“Stations”), due to the Stations’ personnel operating remotely during the Covid-19 pandemic and changes to staff assignments to redistribute maintenance and uploads during a high volume period, there were some minor delays in uploading political orders to the Stations’ online public inspection files. Beginning the second week of October 2020, all required files were timely uploaded. Other than this brief period, all political files were timely uploaded during the license term.
