TIME BROKERAGE AGREEMENT

This TIME BROKERAGE AGREEMENT ("TBA") is made and entered into this 1st day of July, 2021 (this "Agreement"), by and between East Central Broadcasting, LLC ("ECB" or Licensee") and Ellis Broadcasting & Media, LLC ("EBM" or "Broker"). The TBA shall be effective on the Effective Date as set forth in Section 2 below.

WITNESSETH:

WHEREAS, ECB is the Licensee of radio Stations KVMO, Vandalia, Missouri (Facility ID No. 81744); KLUQ, Hermann, Missouri (Facility ID No. 68579); and KLPW-FM, Steelville, Missouri (Facility ID No. 79236) (the "Stations"), pursuant to authorizations issued to Licensee by the Federal Communications Commission (the "Commission" or "FCC"); and

WHEREAS, Licensee desires to obtain a regular source of programming and income which will sustain the operation of the Stations; and

WHEREAS, Broker desires to purchase time on the Stations for the broadcast of programming on the Stations and for the sale of advertising time included in that programming;

NOW, THEREFORE, in consideration of the foregoing, and of the mutual promises set forth herein, Licensee and Broker hereby agree as follows:

1. **Time Sale.** Subject to the terms of this Agreement, and to applicable rules, regulations, and policies of the FCC, Licensee shall sell, and Broker shall purchase up to one hundred sixty-eight (168) hours per week on the Stations. Licensee shall broadcast the programming, including commercial announcements, supplied by Broker without interruption, deletion, or addition of any kind, subject to the terms of this Agreement and Licensee's obligations under the Communications Act of 1934, as amended, and the published rules, regulations, and

policies of the Commission (collectively, the "Communications Laws").

2. **Term.** The initial term of this Agreement shall be for sixty-two (62) months, commencing on the date Broker commences its "on air" broadcasting (the "Effective Date") (but not later than August 15, 2021, unless however, delays occur in the production and shipping of EBM's broadcasting equipment due to the COVID-19 pandemic, then, in such case, the Effective Date shall be set back accordingly, but not later than August 31, 2021), and Broker shall have the right to extend for thirty-six (36) additional months upon at least 12 months prior written notice to Licensee.

3. **Hours of Programming.** Subject to the exceptions set forth in Sections 4 and 5 below, Broker shall supply, and Licensee shall transmit, programming for all periods of broadcast operations, as long as this Agreement remains in force. Broker shall provide all such programming, produced at its own cost and expense.

4. **Reservation of Time.** Licensee specifically reserves for its own use up to two (2) hours per week of programming time (the "Reserved Time") during which it may broadcast programming of its choice. The Reserved Time shall be at a mutually agreeable time.

5. **Licensee's Programming Discretion.** Nothing herein shall be construed as limiting in any way Licensee's rights and obligations as the Licensee of the Stations to make the ultimate programming decisions for the Stations. Licensee shall be responsible for ensuring that the Stations' overall programming is responsive to community needs and in the public interest. Licensee has the authority, in its sole discretion, to reject and refuse to transmit any programming produced or proposed by Broker that Licensee in its good faith deems to be contrary to the public interest. Licensee shall notify Broker, unless such notice is impractical or impossible, at least one (1) week in advance of any such preemption of Broker's programming for the purpose of broadcasting programs that Licensee deems necessary to serve the public interest. In the event of

any such preemption, Broker shall receive a pro-rated credit for the preempted time against the monthly payment required under Section 6 hereof.

6. **Compensation.** In consideration of the broadcast time provided to Broker pursuant to this Agreement, Broker shall pay Licensee the monthly fee set forth in Attachment 1 hereto in advance on the first day of each month during the term of this Agreement and shall reimburse Licensee for the Stations' operating expenses.

7. **Expenses.**

a. Licensee shall be responsible for all direct and indirect operating costs of the Stations, including but not limited to: (i) rents and utilities at Licensee's studio, tower, and transmitter site facilities; (ii) insurance costs related to Licensee's assets and operations; (iii) Licensee's telephone, delivery, and postal service; (iv) costs related to the maintenance of Licensee's main studio as well as the maintenance of all equipment necessary for the operation of the Stations in compliance with the rules, regulations, and policies of the FCC; (v) salaries, payroll taxes, insurance, and related costs of personnel employed by Licensee in connection with the operation of the Stations; and (vi) income, gross receipts, sales, real property, personal property, excise, and/or any other taxes of any nature whatsoever related to Licensee's ownership of its assets or its programming efforts on the Stations.

b. Broker shall be responsible for all direct and indirect costs of the production and delivery of Broker's programming, including but not limited to: (i) power and utilities at Broker's facilities where programming is produced; (ii) insurance costs related to Broker's equipment and assets used in its business operations; (iii) costs related to the maintenance of any studio and equipment necessary for the production and delivery of Broker's programming; (iv) salaries, payroll taxes, insurance, and related costs of all personnel employed by Broker in

connection with production and delivery of the programming, promotion of that programming, and the sale of advertising in that programming; (v) income, gross receipts, sales, real property, personal property, excise, or any other taxes of any nature whatsoever related to Broker's ownership of its assets or the programming provided to the Stations; and (vi) all performing rights, licensing fees for music and other material contained in the programming provided by Broker.

8. ***Representations, Warranties, and Covenants of Broker.*** Broker represents and warrants to, and covenants with, Licensee that:

a. Broker has the legal right, power, and authority to enter into this Agreement and to fully perform its obligations hereunder, and its performance hereunder does not and shall not violate the terms of any other agreements by which it is bound or to which it is a party.

b. The programming provided by Broker for broadcast on the Stations shall comply with the Communications Laws, and with all programming standards established by Licensee. The programming shall also meet all industry standards for technical quality.

c. Broker shall obtain, at its own cost and expense, music licenses for the music in the programs it provides for broadcast. The performing rights to all music contained in its programming shall be licensed by BMI, ASCAP, or SESAC or shall be in the public domain.

d. Broker shall cooperate with Licensee in making time available in programming supplied to the Stations by it for the Station Identification Announcements required by FCC rules and regulations.

e. Broker shall not cause or permit any liens, encumbrances, foreclosures, contractual defaults, or outstanding balance of any kind or nature whatsoever which would impede or impair Broker's ability to meet its obligations under this Agreement.

f. Broker shall promptly pay any and all expenses or obligations of any kind or

nature relating to the provision of programming when such expenses become due.

g. Broker shall provide to Licensee monthly documentation of the programs it has broadcast which address problems, needs, and interests of the Stations' communities. Broker shall provide local news and public affairs programming relevant to the Stations' communities and of sufficient quality to assist Licensee in satisfying its obligations to respond to the needs of its community of license.

h. Broker shall forward to Licensee within twenty-four (24) hours of receipt by Broker, any letter from a member of the general public addressing Station programming or documentation which comes into its custody which is required to be included in the Stations' public files or which is reasonably requested by Licensee.

i. Broker will not knowingly broadcast any material in violation of the Copyright Act, which is slanderous or libelous or which is in violation of the rules and regulations of the FCC.

9. ***Representations, Warranties, and Covenants of Licensee.*** Licensee represents and warrants to, and covenants with, Broker that:

a. Licensee has the legal right, power, and authority to enter into this Agreement and to fully perform its obligations hereunder, and its performance hereunder does not and shall not violate the terms of any other agreements by which it is bound or to which it is a party, subject to the conditions and limitations hereinafter set forth.

b. Licensee shall operate the Stations in compliance with the Communications Laws.

c. Licensee shall maintain the transmission facilities and equipment of the Stations in a condition consistent with good engineering practice and in compliance with the rules,

regulations, and technical standards of the FCC, and all capital expenditures reasonably required to maintain the technical quality of the Stations' signals shall be made in a timely fashion at the sole expense and direction of Licensee. Except for periods where reduction of power is required for routine or emergency maintenance activities, Licensee shall use all reasonable efforts to operate the Stations at maximum authorized transmitter power, with an antenna center of radiation at its full authorized height above ground and above average terrain.

d. Licensee shall retain, on a full-time or part-time basis, a General Manager who shall direct the day-to-day operations of the Stations, and a Chief Operator (as defined by the rules and regulations of the FCC) who shall be responsible for insuring compliance by the Stations with the technical operating and reporting requirements established by the FCC. The Chief Operator may also hold the position of Chief Engineer. Licensee shall be responsible for ensuring that qualified control operators monitor and control the Stations' transmissions at all times, in full conformity with FCC requirements.

5. Licensee shall acquire and maintain appropriate liability, fire, and extended coverage insurance in amounts reasonably required to protect the parties hereto from losses from liability for personal injury as well as from loss by theft, fire, and other causes to Licensee's equipment.

6. Licensee shall insure that all required Station Identification Announcements are broadcast as required by the FCC rules and regulations.

10. **Political Time.** At least ninety (90) days before the start of any primary or general election campaign, Broker shall clear with Licensee the rates to be charged political candidates for public office to be sure that the rate is in conformance with applicable law and policy. Broker shall provide Licensee with access to all its books and records regarding the pricing of advertising sold on

the Stations in order to confirm that the political rate is correct. Within twenty-four (24) hours of any request to purchase time on the Stations on behalf of a candidate for public office or to support or urge defeat of an issue on an election ballot, Broker shall report the request, and its disposition, to Licensee so that appropriate records can be placed in the Stations' public files. If Broker fails to provide adequate broadcast time for the broadcast of programming or advertising by political candidates, Licensee shall have the right to preempt Broker programming to make time available to these political candidates.

11. ***Indemnification.***

a. Broker shall indemnify and hold harmless Licensee from and against any and all claims, losses, costs, liabilities, damages, and expenses (including reasonable attorneys' fees) arising out of (i) programming provided by Broker, and (ii) any breach by Broker of its representations, warranties, covenants, or obligations under this Agreement.

b. Licensee shall indemnify and hold harmless Broker from and against any and all claims, losses, costs, liabilities, damages, and expenses (including reasonable attorney's fees) arising out of (i) programming provided by Licensee, and (ii) any breach by Licensee of its representations, warranties, covenants, or obligations under this Agreement, but in no event shall such indemnification exceed the amount of the then Monthly Fee as set forth on Attachment 1 then being paid by Broker.

c. The indemnification obligations of this Section 11 shall survive any termination of this Agreement and shall continue until the expiration of all applicable statutes of limitations and the conclusion and payment of all judgments which may be rendered in all litigation which may be commenced prior to such expiration.

d. Neither Licensee nor Broker shall be entitled to indemnification pursuant to

this Section 11 unless such claim for indemnification is asserted in writing delivered to the other party; and, where such claims, loss, cost, liability, damage, or defense involves a legal action, the party against whom indemnification is sought has been given written notice sufficiently in advance to permit such party to defend, contest, or compromise such action at its own cost and risk.

12. ***Termination; Effect of Termination.***

a. The term of this Agreement is subject to the limitations that:

i. Either party may terminate this Agreement, provided such party is not then in default of any of its material obligations hereunder, if the other party is in default of any of its material obligations hereunder and has not cured such default within thirty (30) days after receipt of written notice of default from the terminating party.

ii. This Agreement shall terminate automatically upon the occurrence of any of the following:

(1) This Agreement is declared invalid or illegal in whole or material part by an order or decree of the FCC or any other administrative agency or court of competent jurisdiction and such order or decree has become final and no longer subject to further administrative or judicial review, or

(2) The transaction contemplated under the Option Agreement occurs such that an assignment of the Station license to Broker or Broker's assigns is consummated.

b. In the event of termination hereunder, Licensee shall be under no further obligation to make available to Broker any further broadcast time or broadcast transmission facilities, and Broker shall have no further obligation to make any payments to Licensee hereunder. All unperformed agreements and contracts for advertising to be aired during Broker's time shall

automatically belong to Licensee who shall perform such agreements and contracts for which it shall be entitled to collect and receive the money derived therefrom. Broker shall remit to Licensee any money or consideration it shall have received as pre-payment for such unaired advertising. Broker shall be entitled to all uncollected revenue for advertising already broadcast over the Stations prior to such termination, and Licensee shall pay over to Broker any sums received in respect of same.

13. ***Right of First Offer/Refusal.*** EBM shall have a Right of First Offer/Right of First Refusal to acquire a Station or Stations in accordance with terms yet to be negotiated.

14. ***Regulatory Requirements.*** Notwithstanding anything to the contrary set forth in this Agreement, Licensee shall be solely responsible for the management, operation, and regulatory compliance of the Stations, and Broker shall not exercise any control over the day-to-day operations of the Stations.

15. ***Payola/Plugola.*** Neither Broker nor its agents, employees, consultants, or personnel shall accept any consideration, compensation, gift, or gratuity of any kind whatsoever, regardless of its value or form, including but not limited to, a commission, discount, bonus, material, supplies, or other merchandise, services, or labor (collectively "Consideration"), whether or not pursuant to written contracts or agreements between Broker and merchants or advertisers, unless the payer is identified in the program for which Consideration was provided as having paid for or furnished such Consideration, in accordance with the Communications Act and FCC requirements.

16. ***Miscellaneous.*** EBM acknowledges that Station KVMO is currently operating at full licensed power and coverage. ECB shall provide the current equipment and facilities and maintain the same as part of the TBA and the cost for which is included in the TBA Fee. However,

if determined in the sole discretion of EBM, any upgrades, improvements or enhancements to the current equipment and facilities will be at the cost and expense of EBM. However, any upgrades, improvements or enhancements shall only be done with the consent of Licensee.

EBM acknowledges that Station KLUQ is currently operating at reduced power at an alternate facility under a temporary FCC order. EBM also acknowledges that ECB is currently in negotiations to move Station KLUQ to a new tower location in order to achieve full licensed power and coverage. ECB agrees that it will use its best efforts to secure the same as quickly as the same can be approved and constructed. ECB shall bear the cost and expense associated with constructing the facility as well as licensing the facility with the FCC for use by EBM. Licensee and Broker agree that should new facilities and equipment necessary to bring Station KLUQ to full licensed power (50,000 watts) not be in place by the end of Month 6 that the Monthly Fee set forth on Attachment 1 shall remain at the rate then being paid until the new facilities and equipment are in full operation.

ECB currently operates Station KLUQ under a tower lease and provides the antennae, transmitter and signal processing equipment to operate. ECB will make the same available to EBM as part of the LMA, and the cost for which is included in the LMA Fee, however, if determined in the sole discretion of EBM, any upgrades, improvements or enhancements to the same will be at the cost and expense of EBM. ECB is also in possession of a transmitter to allow transmission of Station KLUQ at full power and ECB will make this transmitter available to EBM as soon as possible as part of the LMA Fee. EBM acknowledges however that until the new facilities are negotiated and secured, EBM's total costs and expenses associated with acquiring the other equipment necessary for transmitting at full power and for transmitting at EBM's required signal quality are unknown.

Further, upon the full execution of this TBA by the parties hereto, ECB agrees to undertake all necessary steps to change KLUQ's call letters to KRTK.

EBM acknowledges that Station KLPW-FM is currently being operated at full licensed power and coverage by a third party under a separate License Management Agreement at leased facilities, but that ECB is currently in negotiations with said third party for the termination of the current LMA, at ECB's cost, and will diligently pursue negotiations necessary to secure the facilities as they currently exist and operate for the term of the LMA, the same expected to be completed within the next three months. Licensee and Broker agree that should the termination of the current LMA not be completed by the end of month 3, then this TBA shall be terminated as it relates to Station KLPW-FM and the Monthly Fee set forth on Attachment 1 shall be reduced by \$5,000 per month. ECB will make any and all acquired transmission equipment available to EBM as part of the LMA, and the cost for which is included in the LMA Fee, however, if determined in the sole discretion of EBM, any upgrades, improvements or enhancements to the same will be at the cost and expense of EBM.

EBM acknowledges that, except as otherwise specifically provided above, the employment of personnel and the provision of all facilities, equipment, utility services, and other costs and expenses necessary to produce, communicate and maintain FCC compliant material for broadcast to the transmitter facilities of the Stations will be the responsibility of EBM.

17. **Notices.** All notices and other communications permitted or required hereunder shall be in writing and shall be given by (a) personal delivery, (b) U. S. certified mail, or (c) a nationally recognized overnight carrier, in each case addressed as follows:

Neither party shall hold itself out as an agent, partner, or joint venturer with the other. All contracts for the sale of airtime, purchase orders, agreements, sales materials, and similar documents produced or executed by Broker shall be executed in the name of Broker, and not on behalf of the Stations or Licensee, and shall represent that Broker is not the Licensee of the Stations.

19. **Further Assurances.** Each party shall execute and deliver such additional documents and take such further actions as are reasonably necessary for the purposes of carrying out this Agreement.

20. **Assignment.** Neither party shall assign its rights or delegate its duties under this Agreement without the other party's prior written consent, which consent shall not be unreasonably withheld or delayed. Any such assignment or delegation by either party in contravention of this Section 18 shall be null and void.

21. **Binding Effect.** This Agreement shall be binding upon the parties hereto and their successors and permitted assigns.

22. **Waiver.** No waiver by either party hereto of a breach by the other of any provision of this Agreement shall be deemed to constitute a waiver of any preceding or subsequent breach of the same provision or any other provision.

23. **Governing Law.** This Agreement shall be governed by the laws of the State of Missouri, without regard to its choice of law provisions.

24. **Counterparts.** This Agreement may be signed in counterpart originals, which collectively shall have the same legal effect as if all signatures had appeared on the same physical document. This Agreement may be signed and exchanged by facsimile transmission, with the same legal effect as if the signatures had appeared in original handwriting on the same physical document.

25. **Amendment.** This Agreement may be modified or amended only in writing and signed by the parties hereto.

26. **Entire Agreement.** This Agreement embodies the entire agreement between the parties with respect to the subject matter hereof, and supersedes all prior agreements, understandings, and contracts between the parties.

27. **Certifications.**

b. Broker hereby certifies that this Agreement complies with the provisions of paragraphs (a)(1) and (e)(1) of Section 73.3555 of the FCC's rules.

§ 73.3555(a)(1) Multiple Ownership

East Central Broadcasting, LLC ("ECB") is filing an assignment applications to acquire full power AM stations KXEN, 1010 kHz, Facility ID No. 54739, St. Louis, Missouri from BDJ Enterprises, LLC and WGNU, 920 kHz, Facility ID No. 49042, St. Louis, Missouri from 920 AM, LLC. Therefore, compliance with the Commission's Section 73.355(a)(1) Multiple Ownership Rules is required.

ECB is also the licensee of KWUL, Channel 269A, Facility ID No. 70301, Elsberry, Missouri. Principals of ECB have an attributable interest in Broadcast Properties, Inc., which is the licensee of KLPW(AM), 1220 kHz, Facility ID No. 70303, Union, Missouri and K224EX, CH224D, Facility ID No. 140406, Union, Missouri¹. KLPW(AM) and KWUL are listed as home to the St. Louis, MO Nielsen Audio Metro.

ECB is also the licensee of the following full power radio stations:
KRTE-FM Channel 297C3 Facility ID No. 79236 Steelville, Missouri
KRTK Channel 227C2 Facility ID No. 68579 Hermann, Missouri
KVMO Channel 282C3 Facility ID No. 81744 Vandalia, Missouri

These three stations are not listed as home to the St. Louis, MO Nielsen Audio metro or any other radio metro. Therefore, they are not considered in this ownership study.

A copy of a recent BIA FCC Geographic Market Definition Report for St. Louis, MO is included with this exhibit. In this Nielsen audio metro there are a total of 64 commercial and non commercial full power radio stations.

The number of stations depicted falls in the 45 or greater stations level. Therefore, according to Section 73.3555(a)(1)(i) of the Commission's rules, common ownership or control of up to eight stations with no more than five in the same band is permissible. ECMB would own three AM stations and one FM station in this Nielsen Radio metro. Therefore, it is believed that this minor change application is in compliance with §73.3555(a)(1) of the Commission's rules.

The foregoing technical statement was prepared on behalf of East Central Broadcasting, LLC by Donald Lynch of Horizon Broadcast Solutions, LLC, its Technical Consultant. Any information contained herein is true and accurate to the best of my belief and knowledge. All data relating to AM and FM facilities was taken from BIA - MEDIA Access Pro (Version 4.61). We assume no liability for errors or omissions in that database or program which may be adverse to the information contained herein.

¹ *FM translators are not considered in Section 73.3555(a) Multiple Ownership studies*
