

### **WVUM(FM) STA EXTENSION REQUEST**

WVUM(FM) is operating with temporary facilities during construction of the facilities authorized in the construction permit for a new transmitter site (see File No. 0000168338, granted Jan. 4, 2022, expiring Jan. 4, 2025). This change in transmitter site was necessitated due to the loss of WVUM(FM)'s licensed site. Licensee continues to make progress in constructing the facilities authorized in the construction permit but needs additional time, and accordingly respectfully requests a 6-month extension of the STA granted on December 12, 2022 (File No. 0000193329).
