

Description of Licensee and Transfer of Control to New Board

Non-commercial educational FM Station WJPZ-FM is licensed to WJPZ Radio, Inc. (“WJPZ”), a non-stock, not-for-profit corporation. In addition to service to the community and listening area, WJPZ was organized to provide a professional educational medium in radio for Syracuse University students. WJPZ’s studios are located at Syracuse University, and its Board of Directors (the “Board”) is comprised of individuals who are either students, faculty, alumni or otherwise connected with Syracuse University. WJPZ is governed by its Board, which is self-perpetuating. Student board members graduate each year and are of necessity replaced causing turnover. As the Commission’s files reflect, WJPZ has been providing service to area listeners for over 38 years and was first licensed in 1985. The WJPZ call sign was issued August 19, 1984.

Purpose of Application and Use of Form 316

The purpose of this application is to establish control for the Board listed on Page 3 of this exhibit. No written agreements exist documenting the changes listed, as they occurred through the ordinary processes of attrition and appointment of new Board members.

As is typical of non-profit, non-commercial educational licensees, the composition of the Board has gradually changed. Accordingly, use of pro forma Form 316 is appropriate for this application.¹ The attached table identifies those individuals who have served as directors between 2019, the year that WJPZ-FM’s most recent pro forma Form 316 was approved, the 2021 Biennial Form 323E filed with the FCC and the present “new board.” Whenever a Board member’s term of office was in effect, the individual is included in the attached chart for that year.
