

**Compliance with Special Operating Conditions or Restrictions**

The K289CH Construction Permit (File Number 0000204858) contains the following Special Operating Conditions or Restrictions:

1. The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. Prior to commencing program test operations, FM Translator or FM Booster permittee must have on file an Application for an FM Translator or FM Booster Station License, pursuant to 47 C.F.R. Section 74.14.

Butte Broadcasting Company, Inc. (“Butte”) complies with, or agrees to, the conditions as follows:

1. Butte in coordination with other users of the site agrees to reduce power or cease operation as necessary to protect persons having access to the site, tower, or antenna, from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. Butte is filing this License to Cover Application prior to commencing operation of K289CH per CP 0000204858.

K289CH is a fill-in of KYIX (Facility ID 7914), South Oroville, CA, and upon commencing operation per CP 0000204858 will operate on KYIX-HD2.
