DTV Certifications Exhibit**

KLCW-TV (the "Station") was acquired by Gray Television Licensee, LLC ("Gray") on December 31, 2020. See File No. BALCDT- 20201020AAW. Accordingly, Gray's certification with regard to the Station's public inspection file covers the time period from the acquisition to present.

**Public File**

The Children's Programming Report for 2020 was to be filed by the previous licensee prior to the sale of the Station to Gray. In preparing for this license renewal filing, the Station determined that report was not filed. Gray prepared and filed the 2020 report on 4/1/2022 using records left by the previous licensee. Because LMS does not allow filings of Children's Programming Reports for previous years, Gray was directed by FCC staff to file this 2020 report as an attachment to an amended 2020 report. As it was not the licensee during the time period covered by the report, Gray cannot certify to the accuracy of the information contained in the report.

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a very limited number of orders were not uploaded within one business day. The licensee regularly provides training for staff responsible for uploading political file material to the online file to reinforce the importance of uploading all political material promptly.
