Bill,

The application needs to be amended to include the new ASRN. After that is done, review can continue.

Hi Mark,

The ASR application for KZHO-LD was granted yesterday and a copy is attached. The ASRN is 1323158.

Please let me know if you have any questions or if you need anything else.

Thank you!

Hi Mark,

Just wanted to give you an update on this project. The local and national notifications have been completed and Part 2 of ASR application was electronically filed today. The ASR status at this point is "Pending" but I would expect it to be granted soon. I will email you the ASRN as soon as the application is granted. I believe that is the only thing you needed to move forward with the KZHO-LP application.

Have a great weekend!

Bill

Good morning,

Once the ASRN is issued, amend the application to include it. I will hold it until then.

Hi Mark,

The tower has an FAA determination of no hazard (attached) and we filed an ASR for it (copy attached) but we don't have an ASRN yet because it's going through the national notification process.

Good morning,

I began to review 0000195036 (KZHO-LD) and found that it fails TOWAIR. You will need to amend the application to include an ASRN.

You have 30 days to amend the application and resolve the issue or it will be dismissed.
